

COST Action 23137
Print Culture and Public Spheres in Central Europe (1500–1800) | PCPS^{CE}
Virtual Mobility Grant
CALL 14: Gender and Inclusiveness Promotion Strategy for Grant Period 3

Important Dates

Call closes: 15 September 2026

Notification of Results: 3 days after submission of complete application

Mission Period: 1 October – 31 October 2026

About this Action

PCPS^{CE} investigates the interactions between the pre-modern media revolution through printing and the emergence of public spheres in Central Europe in early modern history. The Action aims to build a European and global network of stakeholders from education, research and cultural institutions with a special focus on Young Researchers and Innovators. It works towards an integrative methodology that brings together experts from different national and disciplinary backgrounds. The Action includes work on joint publications such as a compendium on the book history of Central Europe and the development of an annotated catalogue of digital data and tools. The initiative aims to promote a new scholarly and public historical awareness of the diverse, non-national pasts of Central Europe. More information can be found in the Action's Memorandum of Understanding (MoU) available in the following web page: www.cost.eu/actions/CA23137.

Definition of Virtual Mobility Grant:

VM grants are given to a COST Action participant implementing virtual collaborative initiatives. The VM applicant(s) are Action participants with a primary affiliation to an institution located in a COST Full or Cooperating Member country or a COST Near Neighbouring Country participating in the Action. The applicant(s) shall inform the Grant Awarding Coordinator and Core Group about the aim of the VM Grant and how its outcomes will generate benefits to the Action, actively contribute to the overall objectives and relevant deliverables of the Action. The applicant must submit an activity report at the end, to be approved by the Grant Awarding Coordinator and voted by the Core Group.

The maximum amount for a VM grant is 1,500€.

Main objective of the Virtual Mobility Grant:

Following the launch of the Gender and Inclusiveness Plan in March 2026, the aim of this Virtual Mobility Grant is to develop a targeted strategy for strengthening the visibility and implementation of gender equality and inclusiveness across the Action during GP 3. The grantee will update the Gender Equality and Inclusiveness Plan to reflect the Action's most recent membership and gender statistics. Through virtual consultation with relevant Action members, the grantee will also identify priority audiences, key messages, appropriate communication channels, and opportunities for dedicated activities. The principal output will be a concise GP3 promotion plan containing proposed actions, a communication timeline, responsibilities, and indicators for monitoring engagement and impact. This work will help embed gender and inclusiveness more firmly in the Action's activities and encourage broader participation throughout the network.

Application process:

The applicant encodes a VM application by logging into e-COST and clicking on the "My Grant Applications", where a new application can be encoded.

Application on e-COST will be communicated to Joëlle Weis, Grant Awarding Coordinator.

Requirements after approval:
